

Advance-Nilfisk Part

Advance-Nilfisk Parts - Think about how long and tiresome it would actually be to clean-up after a party, with no help from machines. Previously, the dust from carpets and upholstery had to be beat out of them manually; cleaning cloths, brooms, and brushes were the leading cleaning products during that time.

The founder of Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who liked to work on electrical motors. After starting his business during 1906, he began to make motors to drive drills, coffee grinders, fans and machine tools. Mr. Fisker's vision from the start was to have a global business advertising goods internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning business. Mr. Fisker invented an amazing, ground breaking vacuum cleaner which could be operated by one person in view of the fact that it just weighed 17.5 kilos! This invention came in a time where numerous cleaning equipment were huge and needed at least 4 operators, hence, the Nilfisk C1 transformed everything and evolved the manner we clean forever. The brain behind these first cleaning equipment remains unparalleled. Cleaning machines provide an excellent solution to an ongoing dilemma; stuff get dirty and should be cleaned regularly, without too much effort.

Slowly but steadily, Nilfisk-Advance expanded throughout the decades. During the 1980s, this expansion actually occurred when the business became a part of the NKT Group. Their new owners' ambition and concentration made Nilfisk-Advance take a huge leap ahead within the trade, aspiring to be one of the biggest international players in the market of professional cleaning machines. Nilfisk-Advance is now located in every part of the world by gradually acquiring lots of small businesses so as to grow their product selection and presence in new markets. They are really proud to offer various cleaning solutions to meet every requirement.
