

Komatsu Forklift Part

Komatsu Forklift Parts - Komatsu Forklift U.S.A. Inc., an associate of the Komatsu Ltd. family, has an affirmative reputation for building rugged and reliable forklifts. They are renowned globally as a corporation who has a proud heritage and who maintains a benchmark of brilliance in equipment manufacturing and intention.

Komatsu Forklift U.S.A., Inc., a division of Komatsu Forklift Co., Ltd., International Division and Komatsu Utility Co., Ltd remains loyal to their image of a better tomorrow. Komatsu's legacy started back in 1921, in Japan, when Komatsu Ltd started business as a maker of construction and mining equipment. Very quickly the business grew into an industry leader and was responsible for building Japan's first contemporary bull dozer and farm tractor.

Komatsu has grown into a global giant over the last few decades thanks to their competence and strength in the field of logistics, mining, excavating and construction. With progressive designs and technological superiority, they remain at the forefront of these industries.

Evolving in 1945, Komatsu Forklift Co., Ltd has expanded greatly. Utilizing their first-class manufacturing capabilities and modern design techniques, Komatsu has become acknowledged to fabricate the kind of durable and reliable lift truck that consumers across the globe have come to depend on. In 1976, Komatsu Forklift U.S.A., Inc was established to meet the increasing need for its goods in the North American market. To improve costs and efficiencies, a modern facility was developed in Covington, Georgia in 1990, to merge all U.S. Komatsu Forklift product support and production operations.

Komatsu Forklift U.S.A. continues to meet the requirements and demands of their users worldwide while remaining a principal manufacturer and provider of modern forklifts and lift truck accessories. Central and Latin America, Mexico, the Caribbean and South America are home to some of Komatsu's satisfied clients along with their North American consumers.

After many years of establishing and retaining quality customer service relationships with clients, Komatsu Forklift recognizes that satisfying the requirements of the customer is vital. Komatsu begins all original initiatives and product developments with the customer's input. By welcoming contributions and opinions, they are able to establish client wishes and expectations then develop revolutionary creations and then manufacture to exceed Komatsu Engineering Principles. Assuring customers that quality is planned from the beginning and sustained through the manufacturing, service and sales processes, allows Komatsu to end up with a top-quality product from start to finish.

The engineers at Komatsu are experts who concentrate on designing heavy-duty equipment, lift trucks and construction equipment. Their design expertise assures that every piece of equipment will last in even the toughest applications and environments. Adherence to strict engineering principles enables Komatsu Forklift to satisfy ISO 9001 standards. Computer aided design and strict in-house quality standards all factor in to top-quality forklift products. Komatsu Engineering Standards translate the modern and progressive technology used in advanced mining and construction equipment into world class equipment.

The modern and efficient manufacturing facility in Covington, Georgia is a full service plant. This state-of-the-art plant starts the manufacturing process with raw steel which is then welded, fabricated and prepared. When assembled and painted the lift trucks are ready to leave the facility and enter the market. Maintaining quality control through the duration of the manufacturing process, assures customers that the quality is built into Komatsu's products from the very beginning.

Komatsu believes that since a product is only as valuable as the people who sell and support it, their dealers make all the difference. Komatsu Forklift is proud of their committed seller networks who strive to exceed expectations. Specialized in all aspects from sales, service or operating education, or aftermarket support, their diverse association of experienced and capable experts are available. Komatsu Forklift Supplier locations across the nation have a Komatsu OEM parts on-hand to provide the essential service needed to keep customers' operations running smoothly. Computerized, real-time access with next day delivery from their highly automated supply center is an alternative option. The web-based K-Link system assists sellers with on-line parts management, service and acquisition for all major lift truck models.

At Komatsu Forklift U.S.A., Inc. they know how to serve Nationwide Accounts. Many world-class companies depend on Komatsu forklifts in their every day operations. National account customers profit from an original relationship with Komatsu that allows them to customize cost-efficient services in order to increase the customer's productivity and profits. Komatsu nationwide account customers have access to on-line components and service support system and a wide-ranging fleet administration program, providing the ability for Komatsu to be their total solution for any lift truck concerns.

The efficient and reliable team members at Komatsu Forklift U.S.A., are committed to providing excellent customer support whether it arrives in the form of instruction, product sales, aftermarket support, and longterm maintenance. They want to make sure that the customer support provided will help their customers meet or exceed their business goals while establishing strong working partnerships in the process. Komatsu strives to identify with each of their customers' unique means of doing business and enjoys working together to develop a plan to best insure their ongoing success.

Komatsu encourages you to get in touch with with one of their many local Komatsu lift truck sellers to learn more about the many products and services available. Customer satisfaction and support are two of the organizations top priorities and it is easy to see why thousands of customers world-wide depend on the Komatsu family of products everyday.
